summary

Pure mathematics/Comp. Sci. student and experienced compliance professional in Colorado's regulated marijuana industry. Outside of the world of technology and Cannabis, I train dogs for protection and off-leash obedience at Mountain Canine College in Evergreen, CO.

experience

- 07.21–Now **Natty Rems Colorado** Denver, CO
Fulfillment Specialist
Generate waybills and METRC manifests for wholesale orders and infusion transfers. Pick and QC product prior to shipment. Tag processed concentrate and harvested plants. Convert grammed items to eaches when needed.
- 05.20–07.21 **Wolfpac Cannabis** Denver, CO
METRC & Inventory Processing Manager
Manage any incoming delivery as well as institute company-wide standard operating procedures in order to maintain compliance with Colorado regulated marijuana statutes and report to the CDPHE, DCPHE, Colorado Dept. of Revenue's MED, and the Secretary of State in Colorado. Ensure compliance with the state tracking system – METRC – and provide training/educational documentation to employees in regards to state compliance.
- 11.18–05.20 **Igadi, Ltd.** Lafayette, CO
Budtender (11.18–01.19)
Compliance Assurance Officer (01.19–05.20)
Maintain consistency across product displays. Ensure compliance with the Colorado Revised Statutes, MED Compliance Tips, and both state and local laws. Act as final checkpoint after product display preparation.
Detailed Achievements:
 - Collected sales data into user-friendly par-level reports
 - Constructed template-based product barcode labeling system to resolve poor, inconsistent label design
 - Begin and aid in the creation of a globally utilized hemp focused database for compliance and tracking
- 11.17–10.19 **Mrs. Green's Remedies** Remote
Chief Compliance Officer
Chief Technology Officer (01.18–12.18)
Responsible for backend/database management and administration as well as the construction and deployment of all web-presence.
Sourcing agent for various industrial hemp products, including: biomass, isolate, tincture, fibers, seeds, seed oil.
Detailed Achievements:
 - Built full-stack webapp for Cannabis Exchange with Firebase, Vue.js, and Vuex
 - Aided in the development of the education app for android
- 07.17–11.17 **International Business Machines Corp. (IBM)** Boulder, CO
Global Technology Services: Solutions, Del, & Transf.
State Street Bank: Centralized Technical Services
Level 1.5 CTS Agent, administrator rights to remote into State Street virtual desktops and physical machines after initial troubleshooting as failed on other teams. Write SOPs and documentation. Support Active Directory and configuration of multiple server types.
Responsibilities:
 - Write troubleshooting, DevOps, and regulatory compliance documentation
 - Deploy Microsoft Office 365 via local source and configuration manager
 - Develop communications systems and Mass SLA status templates
